DRAFT LICENSE.

ATHANI ELECTRIC LICENSE 1937.

LICENSE FOR THE SUPPLY OF ENERGY GRANTED BY THE GOVERNMENT OF BOMBAY UNDER THE INDIAN ELECTRICITY ACT, 1910.

License :—License is hereby granted to *Keshav Vyankatesh Sane*, carrying on business as Engineer and Contractor under the name and style of Mr. *Keshav Vyanketesh Sane*, and having his office at 857 Sadashiv, Poona 2, to supply energy in the area with the powers and upon the terms and conditions specified below :—

1. *Short title* :—The license may be cited as Athani Electric License 1937.

2. *Interpretation* :—In this license—

(1) "Act" shall mean the Indian Electricity Act, 1910 ;

(2) "Rules" shall mean the rules made under the Act ;

(3) "Licensee" shall mean and include the said *Keshav Vyankatesh Sane* and his permitted assigns ;

(4) "Deposited Map" shall mean the plan of the area of supply as hereinafter specified, which is deposited with Government in pursuance of the rules, which plan is signed, for the purpose of indentificasion, by the Secretary to the Government of Bombay, in the Public Works Department and by the Licensee ;

(5) "The commencement of this license" shall mean the date of the notification by the Government of Bombay in the *Bombay Government Gazette* by which this license is granted ;

(6) "Government" shall mean the Government of Bombay ;

(7) Words, terms and expressions not defined in this license but defined in the Act, or the rules shall have the meaning assigned to them in the Act or the rules.

3. *Security*:—(1) The period within which the licensee shall show under sub-clause (*a*) of clause 1 of the Schedule to the Act that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him by the license throughout the area of supply shall, unless otherwise ordered by the Government under clause (*b*) of sub-section (*3*) of section 4 of the Act, be six months from the commencement of this license.

(2) Unless otherwise ordered by Government under clause (*b*) of sub-section (*3*) of section 4 of the Act, the sum which the licensee shall deposit or secure to the satisfaction of Government under sub-clause (*b*) of clause 1 of the Schedule to the Act, shall be Rupees two thousand and the period within which such sum shall be so deposited or secured shall be three months from the commencement of this license.

4. *Area of Supply:*—The area within which the supply of energy is authorised by this license, hereinbefore and hereinafter referred to as " the area of supply ", shall be the whole of the area comprised within the Municipal district of Athani which is shown as bounded by a green coloured line on the deposited map :

5. *Area of Compulsory Supply* — The licensee shall, within a period of eighteen months from the commencement of this license execute works to the satisfaction of Government for the purpose of a full and continuous supply of energy throughout the streets or parts of streets as are mentioned below and shown in red colour on the deposited map

(1) (*a*) From the Municipal Naka near the motor stand to Raviwar Peth and Budhawar Peth junction (*b*) From Jain Peth to Jain Ves (*c*) From the Municipal Office to the Kadathi Ginning Factory (*d*) From Javali Peth to Dhapalapur Ves.

(2) In the case of any difference between the description of the streets mentioned in sub-clause (1) of this clause and that indicated on the deposited map, the latter shall prevail.

(3) The licensee shall commence to execute the works aforesaid within six months from the commencement of this license and shall complete the execution of the works aforesaid and shall commence the supply of energay within eighteen months therefrom.

(4) The licensee shall every three months submit reports to Government and also to the Electrical Engineer to Government specifying the progress made up to date from the commencement of the license in the execution of the works in the compulsory area.

(5) *Revocation of License.*—If the licensee fails to comply with the provisions of sub-clauses (1), (3) or (4) of this clause, or if, in the opinion of Government, the progress made during any portion of the said period of eighteen months is unsatisfactory, the license shall be liable to be revoked, and the security furnished as per sub-clause (2) of clause 3 shall be forfeited.

6. *Purposes of Supply* —(1) Subject to the provisions of this license and the Act, and the rules, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes, and in bulk and to other licensees for their own purposes :

Provided that no supply of energy shall be commenced to be given by the licensee to any owner or occupier of private premises or in bulk to a distri-

buting licensee unless and until the licensee's works have been inspected by the Government Electric Inspector, and passed by him in writing, and until Government have approved :—

(*a*) the form of requisition to be made by such owner or occupier or distributing licensee for such supply of energy ;

(*b*) the form of written contract or agreement with the licensee to take a supply of energy to be executed or entered into by such owner or occupier or distributing licensee ; and

(*c*) the amounts of all miscellaneous charges which the licensee proposes to make against such owner or occupier or distributing licensee, as incidental to or in connection with such supply.

(2) Clauses V, VI, VII, IX, X and XI of the Schedule to the Act shall, wherever necessary, be read as expressly added to or varied to the extent set out in the proviso to sub-clause (1) of this clause.

(3) The licensee shall not supply energy to any premises unless the owner or occupier of such premises has satisfied the licensee that all work, including repairs relating to electric wires, fittings and apparatus on such premises, has been carried out by a licensed electrical contractor and under the supervision of a Competency Certificate holder under the rules or orders issued by Government in this behalf, or by such other person as may be authorised to carry out such works under rule No. 40-A of the rules and Clause VI of the Schedule to the Act shall be deemed to be modified accordingly.

7. *System of Supply.*—(1) The system of supply of energy which may be adopted for the purpose of this license shall be the following :—

Alternating Current

Three-phase, four wire, periodicity fifty cycles per second. The pressure of supply at the consumer's terminals shall be as under :—

(*a*) 230 volts between each phase and neutral for general purposes, *viz.* lights, fans, heaters, etc. ;

(*b*) 400 volts between phases for motive power purposes and purposes other than those specified in (*a*) above and

Provided always that the licensees may from time to time with the previous consent in writing of and subject te such limitations and conditions as may be prescribed in writing by Government adopt any other system of supply for the purpose of this license and that no high tension mains shall be brought within or near the populated areas without the specific sanction of Government in each case.

(2) The feeders, distributing mains and service lines may be overhead, or underground, provided that wherever and whenever specially required to do so in writing by Government, such feeders, distributing mains or service lines shall be laid underground :

Provided further that—

(*a*) No work or works shall be commenced by the licensee unless and until the method of construction has been previously approved in writing by the Electrical Engineer to Government.

(*b*) Where overhead mains are used, they shall be nowhere at a height less than thirty feet from the ground level of the streets at all crossings in all the routes where Raths or Taboots or other similar religious processions are likely to pass. In cases of dispute such routes and heights shall be determined by the District Magistrate.

(*c*) In narrow lanes or streets the posts shall be placed on the extreme edge of the lane or street and a special construction to be approved by the Electrical Engineer to Government shall be adopted to keep the wires clear of every building.

(*d*) No posts for overhead lines shall be erected in streets and thoroughfares which are less than ten feet in width for vehicular traffic; and

(*e*) nothing in this license shall authorise the licensee to use overhead mains at any higher pressure than the medium pressure without the written sanction of Government in each case and subject to any conditions or limitations which Government may prescribe.

(3) Due precautions shall be taken to avoid any possible interference with the adjacent telephone or telegraph circuits due to inductive effects. The electric wires shall be suitably transposed where necessary.

(4) For the purpose of rule 61 of the rules, the maximum wind pressure shall be taken as eleven pounds per square foot.

8. *Generating, Receiving, Transforming and Distributing Stations.*—(1) The Generating, Receiving, Transforming and Distributing Stations shall be within the area of supply.

(2) Qualified men with at least competency certificates shall be employed in the generating station and on the distribution system and the whole undertaking shall be under the charge of a qualified engineer with previous experience of at least 5 years.

9. *Rates: Limits of prices to be charged.*—The prices to be charged by the licensee for energy supplied by him shall not exceed the maxima set out below, or in the case of a method of charge approved by Government under clause (*c*) of sub-section *(3)* of section 23 of the Act such maxima as Government may fix on approving the method:—

(A) Where energy is supplied by meter—

(1) For general supply purposes, viz.:—

(a) for lights and fans not provided for in item (*b*) below—a rate of annas six per unit;

(b) for lights and fans in religious and educational institutions and hospitals—a rate of annas five per unit;

(c) for heating and refrigerating purposes—a rate of annas two per unit: and

(d) for motive power purposes and purposes other than those mentioned in items (1) (*a*), (*b*) and (*c*) above:—

Up to and including 3 K. W.—A standing charge of Rs. 3 per K. W. per mensem *plus* annas three per unit.

Over 3 K. W.—A standing charge of Re. one per K. W. per mensem *plus* anns two per unit :

Provided that the total consumption of energy in all Government buildings within the area of supply shall be treated as a single bulk supply, and a rebate of one per cent shall be granted for every 250 units consumed per month up to a maximum of 35 per cent.

Note.—The term "Unit" occurring in this sub-clause shall mean the energy contained in current of 1,000 amperes flowing under an electro motive force of one volt during one hour.

(2) A minimum charge of Rs. Three per month in the cases referred to in items (*a*), (*b*) and (*c*) of sub-clause (1) of the clause shall be charged exclusive of meter rent and irrespective of whether energy of that value has been consumed or not.

(3) *Meter rent.*—The rent to be charged for meters shall not exceed—

Annas eight per month for a single phase A. C. meter ; and one rupee per month for a polyphase A. C. meter.

(B) Where energy is not supplied by meter, a fixed rate of Rs. Two per mensem shall be charged for a twenty watt light and Re. One for every additional twenty watts or part thereof burning for not more than six hours per night.

(C) In the case of large consumers, contracts may be made for fixed periods at such rates not exceeding the rates specified in sub-clause (A) of this clause as may be agreed upon.

(D) Without prejudice to anything contained in the above clauses, the licensee may at any time enter into a special contract with the Municipality of Athani for supply of energy to the said Municipality for public lighting upon such terms and conditions and at such rates not exceeding the maxima charges specified above, as may for the time being be mutually agreed upon.

10. *Breaking up of Streets.*—The length of trenches to be opened on any street at any one time, and the period for which they may remain open, shall be determined from time to time by Government or the local authority by which such streets are repairable.

11. *Purchase of the Undertaking.*—(1) The option of purchase given by sub-section (*1*) of section 7 of the Act shall be exercisable first on the expiration of forty years from the commencement of this license and thereafter on the expiration of every subsequent period of ten years therefrom. The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (*1*) of section 7 of the Act which shall be added to such value under the second proviso to that sub-section on account of compulsory purchase shall be ten per cent.

(2) In accordance with clause (*d*) (*ii*) of sub section (*2*) of section 3 of the Act it is hereby declared that

generating station belonging to the licensee and used in connection with the undertaking or where energy is bought from any other person or company, the receiving and distributing sub-stations used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

12. *Assignment of the License.*—At any time after the commencement of this license, the licensee may, with the previous consent in writing of Government and subject to compliance with such conditions upon which such consent may be given, assign this license and transfer the whole of the undertaking in respect of which this license is granted (including all lands, buildings, works, materials and plant of the licensee) to any individual or company formed or to be formed and registered in the Bombay Presidency in accordance with the law for the time being in force in British India, or in Great Britain under any enactment relating to companies for the time being in force there and having authority to take over the license and the said undertaking as the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensee under this license and the Act and the rules, and on such assignment and transfer, the rights, powers, authorities, obligations and liabilities of the licensee shall be exercisable by and shall attach to such individual or company formed or to be formed as aforesaid.

Draft License.

LICENSE FOR THE SUPPLY OF ENERGY GRANTED BY THE GOVERNMENT OF BOMBAY UNDER THE INDIAN ELECTRICITY ACT, 1910.

License.—License is hereby granted to Keshav Vyankatesh Sane, carrying on business as Engineer and Contractor under the name and style of Mr. Keshav Vyankatesh Sane, and having his office at 857, Sadashiv, Poona 2, to supply energy in the area with the powers and upon the terms and conditions specified below:—

1. *Short title.*—The license may be cited as Athani Electric License, 1937.

2. *Interpretation.*—In this license—

(1) "Act" shall mean the Indian Electricity Act, 1910;

(2) "rules" shall mean the rules made under the Act;

(3) "licensee" shall mean and include the said Keshav Vyankatesh Sane and his permitted assigns;

(4) "deposited map" shall mean the plan of the area of supply as hereinafter specified, which is deposited with Government in pursuance of the rules, which plan is signed, for the purpose of identification, by the Secretary to the Government of Bombay in the Public Works Department and by the licensee;

(5) "the commencement of this license" shall mean the date of the notification by the Government of Bombay in the *Bombay Government Gazette* by which this license is granted;

(6) "Government" shall mean the Government of Bombay;

(7) words, terms and expressions not defined in this license but defined in the Act or the rules shall have the meaning assigned to them in the Act or the rules.

3. *Security.*—(1) The period within which the licensee shall show under sub-clause (*a*) of clause 1 of the Schedule to the Act that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him by the license throughout the area of supply shall, unless otherwise ordered by the Government under clause (*b*) of sub-section (*3*) of section 4 of the Act, be six months from the commencement of this license.

(2) Unless otherwise ordered by Government under clause (*b*) of sub-section (*3*) of section 4 of the Act, the sum which the licensee shall deposit or secure to the satisfaction of Government under sub-clause (*b*) of clause I of the Schedule to the Act, shall be Rupees two thousand and the period within which such sum shall be so deposited or secured shall be three months from the commencement of this license.

4. *Area of supply.*—The area within which the supply of energy is authorised by this license, hereinbefore and hereinafter referred to as "the area of supply", shall be the whole of the area comprised within the municipal district of Athani which is shown as bounded by a green-coloured line on the deposited map.

5. *Area of compulsory supply.*—(1) The licensee shall, within a period of eighteen months from the commencement of this license, execute works to the satisfaction of Government for the purpose of a full and continuous supply of energy throughout the

streets or parts of streets as are mentioned below and shown in red colour on the deposited map—

(*a*) From the Municipal Naka near the motor stand to Ravivar Peth and Budhwar Peth Junction.

(*b*) From Jain Peth to Jain Ves.

(*c*) From the Municipal Office to the Kadathi Ginning Factory.

(*d*) From Javali Peth to Dhapalapur Ves.

(2) In the case of any difference between the description of the streets mentioned in sub-clause (1) of this clause and that indicated on the deposited map, the latter shall prevail.

(3) The licensee shall commence to execute the works aforesaid within six months from the commencement of this license and shall complete the execution of the works aforesaid and shall commence the supply of energy within eighteen months therefrom.

(4) The licensee shall every three months submit reports to Government and also to the Electrical Engineer to Government specifying the progress made up to date from the commencement of the license in the execution of the works in the compulsory area.

(5) *Revocation of license.*—If the licensee fails to comply with the provisions of sub-clauses (1), (3) or (4) of this clause, or if, in the opinion of Government, the progress made during any portion of the said period of eighteen months is unsatisfactory, the license shall be liable to be revoked, and the security furnished as per sub-clause (2) of clause 3 shall be forfeited.

6. *Purposes of supply.*— (1) Subject to the provisions of this license and the Act, and the rules, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes, and in bulk and to other licensees for their own purposes:

Provided that no supply of energy shall be commenced to be given by the licensee to any owner or occupier of private premises or in bulk to a distributing licensee unless and until the licensee's works have been inspected by the Government Electric Inspector and passed by him in writing, and until Government have approved—

(*a*) the form of requisition to be made by such owner or occupier or distributing licensee for such supply of energy;

(*b*) the form of written contract or agreement with the licensee to take a supply of energy to be executed or entered by such owner or occupier or distributing licensee; and

(*c*) the amounts of all miscellaneous charges which the licensee proposes to make against such owner or occupier or distributing licensee, as incidental to or in connection with such supply.

(2) Clauses V, VI, VII, IX, X and XI of the Schedule to the Act shall, wherever necessary, be read as expressly added to or varied to the extent set out in the proviso to sub-clause (1) of this clause.

(3) The licensee shall not supply energy to any premises unless the owner or occupier of such premises has satisfied the licensee that all work, including repairs relating to electric wires, fittings and apparatus on such premises, has been carried out by a licensed electrical contractor and under the supervision of a Competency Certificate holder under the rules or orders issued by Government in this behalf, or by such other person as may be authorised to carry out such works under rule No. 40-A of the rules and clause VI of the Schedule to the Act shall be deemed to be modified accordingly.

7. *System of supply.*—(1) The system of supply of energy which may be adopted for the purpose of this license shall be the following:—

Alternating Current.

Three-phase, four-wire, periodicity fifty cycles per second. The pressure of supply at the consumer's terminals shall be as under:—

(*a*) 230 volts between each phase and neutral for general purposes, viz. lights, fans, heaters, etc.

(*b*) 400 volts between phases for motive power purposes and purposes other than those specified in (*a*) above and

Provided always that the licensee may from time to time with the previous consent in writing of and subject to such limitations and conditions as may be prescribed in writing by Government adopt any other system of supply for the purpose of this license and that no high tension mains shall be brought within or near the populated areas without the specific sanction of Government in each case.

(2) The feeders, distributing mains and service lines may be overhead or underground, provided that wherever and whenever specially required to do so in writing by Government, such feeders, distributing mains or service lines shall be laid underground:

Provided further that—

(*a*) No work or works shall be commenced by the licensee unless and until the method of construction has been previously approved in writing by the Electrical Engineer to Government.

(*b*) Where overhead mains are used, they shall be nowhere at a height less than thirty feet from the ground level of the streets at all crossings in all the routes where *raths* or *taboots* or other similar religious processions are likely to pass. In cases of dispute such routes and heights shall be determined by the District Magistrate.

(*c*) In narrow lanes or streets the posts shall be placed on the extreme edge of the lane or street and a special construction to be approved by the Electrical Engineer to Government shall be adopted to keep the wires clear of every building.

(*d*) No posts for overhead lines shall be erected in streets and thoroughfares which are less than ten feet in width for vehicular traffic; and

(*e*) Nothing in this license shall authorise the licensee to use overhead mains at any higher pressure than the medium pressure without the written sanction of Government in each case and subject to any conditions or limitations which Government may prescribe.

(3) Due precautions shall be taken to avoid any possible interference with the adjacent telephone or telegraph circuits due to inductive effects. The electric wires shall be suitably transposed where necessary.

(4) For the purpose of rule 61 of the rules, the maximum wind pressure shall be taken as eleven pounds per square foot.

8. *Generating, receiving, transforming and distributing stations.*—(1) The generating, receiving, transforming and distributing stations shall be within the area of supply.

(2) Qualified men with at least competency certificates shall be employed in the generating station and on the distribution system and the whole undertaking shall be under the charge of a qualified engineer with previous experience of at least five years.

9. *Rates: Limits of prices to be charged.*—The prices to be charged by the licensee for energy supplied by him shall not exceed the maxima set out below, or in the case of a method of charge approved by Government under clause (*c*) of sub-section (*3*) of section 23 of the Act such maxima as Government may fix on approving the method:—

(A) Where energy is supplied by meter—

(1) For general supply purposes, viz.:—

(*a*) for lights and fans not provided for in item (*b*) below—a rate of annas six per unit;

(*b*) for lights and fans in religious and educational institutions and hospitals—a rate of annas five per unit;

(*c*) for heating and refrigerating purposes—a rate of annas two per unit; and

(*d*) for motive power purposes and purposes other than those mentioned in items (1) (*a*), (*b*) and (*c*) above—

Up to and including 3 K.W.—A standing charge of Rs. 3 per K.W. per mensem *plus* annas three per unit.

Over 3 K.W.—A standing charge of Re. 1 per K.W. per mensem *plus* annas two per unit:

Provided that the total consumption of energy in all Government buildings within the area of supply shall be treated as a single bulk supply, and a rebate of one per cent. shall be granted for every 250 units consumed per month up to a maximum of 35 per cent.

Note.—The term "unit" occurring in this sub-clause shall mean the energy contained in current of 1,000 amperes flowing under of an electro-motive force of one volt during one hour.

(2) A minimum charge of Rs. Three per month in the cases referred to in items (*a*), (*b*) and (*c*) of sub-clause (1) of the clause shall be charged exclusive of meter rent and irrespective of whether energy of that value has been consumed or not.

(3) *Meter rent.*—The rent to be charged for meters shall not exceed—

Annas eight per month for a single phase A.C. meter; and one rupee per month for a polyphase A.C. meter.

(B) Where energy is not supplied by meter, a fixed rate of Rs. Two per mensem shall be charged for a twenty-watt light and Re. One for every additional twenty-watts or part thereof burning for not more than six hours per night.

(C) In the case of large consumers, contracts may be made for fixed periods at such rates not exceeding the rates specified in sub-clause (A) of this clause as may be agreed upon.

(D) Without prejudice to anything contained in the above clauses, the licensee may at any time enter into a special contract with the Municipality of Athani for supply of energy to the said Municipality for public lighting upon such terms and conditions and at such rates not exceeding the maxima charges specified above, as may for the time being be mutually agreed upon.

10. *Breaking up of streets.*—The length of trenches to be opened on any street at any one time, and the period for which they may remain open, shall be determined from time to time by Government or the local authority by which such streets are repairable.

11. *Purchase of the undertaking.*—(1) The option of purchase given by sub-section (*1*) of section 7 of the Act shall be exercisable first on the expiration of forty years from the commencement of this license and thereafter on the expiration of every subsequent period of ten years therefrom. The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (*d*) of section 7 of the Act which shall be added to such value under the second proviso to that sub-section on account of compulsory purchase shall be ten per cent.

(2) In accordance with clause (*d*) (*ii*) of sub-section (*2*) of section 3 of the Act, it is hereby declared that generating station belonging to the licensee and used in connection with the undertaking or where energy is bought from any other person or company, the receiving and distributing sub-stations used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

12. *Assignment of the license.*—At any time after the commencement of this license, the licensee may, with the previous consent in writing of Government and, subject to compliance with such conditions upon which such consent may be given, assign this license and transfer the whole of the undertaking in respect of which this license is granted (including all lands, buildings, works, materials and plant of the licensee) to any individual or company formed or to be formed and registered in the Bombay Presidency in accordance with the law for the time being in force in British India, or in Great Britain under any enactment relating to companies for the time being in force there and having authority to take over the license and the said undertaking as the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensee under this license and the Act and the rules, and on such assignment and transfer, the rights, powers, authorities, obligations and liabilities of the licensee shall be exercisable by and shall attach to such individual or company formed or to be formed as aforesaid.

By order of the Governor in Council,

T. A. ANDREW,

Secretary to Government.

Bombay
15th June 37.

To,

The Secretary Public works Dept
Government of Bombay.
Bombay.

Sir,

I the undersigned beg to bring to your honours notice the following few lines for your kind consideration

From the Bombay Govt Gazette I learnt that Mr. Keshav Venkatesh Sane of Poona has applied for floating an Electric supplying Co. at Athani, Dist Belgaum. He being the ~~President~~ resident of Poona his application should not be considered until and unless the local residents of Athani have applied for the said Electric Co. The local residents of Athani could not approach your honour in time because Mr. Sane has failed to publish the contents of his application in any leading 'Kanarese' news paper which is the main language of the place as well as of the Courts of Athani, for this I hope if your honour could please give a chance of republishing the news in kanarese news paper and thereby giving a chance to any local man of Athani for the said Electric supplying Co. So your honour will be pleased to consider

P. T. O.

the above mentioned facts and kindly reply me at the address given below

yours faithfully
BSkalyani

My address:-

Submitted.

2. According to rule 15(3) of the I.
Rules, 1937, in the absence of any direc
tion by the Provl.Govt. in the matter,
the advertisement of the draft license
shall be inserted by the applicant in
at least three successive issues of any
newspaper published in the proposed area
of supply, or if there is no such news-
paper, of any newspaper published within
the province. Athni is a small town in
the Belgaum Dist. and probably there is
no newspaper published at the place. The
applicant has therefore published the
advertisement in the issues of "Lokamat"
which is a daily Marathi paper published
at Poona. Marathi and Kanarese are both
the main languages of the Belgaum Dist.
and the 'Lokamat' must have a fairly good
circulation in the proposed area. More-
over, the draft license has to be publish
ed in English and not in vernaculars of
any district. No action therefore seems
necessary on Mr.Kalyani's letter within.

3. The Commr.,S.D's report called for
in Govt.Endt.of 31-3-37 may be awaited.

MMK.P.
23-6-37.

23-6-37

No action is necessary on Mr. Kalyani's
letter except that he may be informed that
it is open to the applicant to advertise
to apply.

As we propose to consider
Mr. Kalyani's application
vide Govt. Endt. can we not
not tell Mr. Kalyani that
apply.

Subject:- Athani Electric License 1937.

Dear Sir,

With reference to the correspondence under your Ref. 1105/36 m. I had filed my application in connection with the above License and had sent you the respective issues of the news paper in which the draft license was advertised. It is now over three months since then and I shall be very glad to know how the matters now stand. I have to proceed further in the matter of encorporating a Limited Company, the members of which are very anxiously waiting for the grant of the said -- License. Then I may have to request and move the Government in the matter of securing a suitable site either by acquisition or by applying the Commissioner S.D. for the sanction of a long lease, the lands being Inam lands. If you permit, I may proceed further in the direction in anticipation of the grant of License so that by the time the license is granted I will be ready to take up the work in right earnest.

Awaiting your kind reply,

Yours faithfully,

K V Sane

2. The Commr.,S.D's report called for in Govt.Endt., dated 31-3-37 is still awaited. He may be expedited in the matter.

3. As regards the applicant's request for permission to proceede with the work in anticipation of the grant of the license it may be stated that unless the Commr's report is received and it is definitely decided to grant the license in question to the applicant it would no be advisable to grant the permission asked for by him. The draft put up will perhaps meet the case.

Subject: The Athni Electric License, 1937.

No. 113 of 1937-38.
Athni, 23rd August 1937.

To

The Collector of Belgaum.

Sir,

With reference to your No.M.S.C. dated 18th April 1937 and subsequent reminders, I have the honour to state that the General Body held on 20-8-1937 has decided that there is no objection to the grant of a license to the applicant Mr.K.V. Sane of Poona for supply of Electrical energy to the town of Athni.

An extract of the proceedings of the G.B. in this respect is enclosed herewith for your perusal.

Your most obedient servant,

Sd. R.R. Mahajan,

President Municipality Athni.

K.

Subject: Athni Electric License.

No.M.S.C. 232.

Belgaum, 4 September 1937.

From

A.H. Dracup, Esq., B.A.(Cantab).,

Collector of Belgaum;

To

The Commissioner, Southern Division,

Belgaum.

Sir,

With reference to your No.M.S.C. 469 of 10-4-1937, on the subject noted above, I have the honour of forwarding a copy of a letter No. 113 dated 23-8-1937 from the President, Athni Municipality, expressing their agreement to the grant of a license to Mr.K.V. Sane of Poona to supply electric energy within the Municipal area.

2. Only four lanes have been included in the area of compulsory supply, and the period proposed for completion of the works within this area viz. 18 months is reasonable. The Municipality has made no suggestion as regards the compulsory area of supply.

3. As regards the height of overhead mains, the Mamlatdar of Athni, who was consulted in the matter, has intimated that the height of 30 feet mentioned in the draft license, will be adequate and will permit Raths and Taboots to pass without hindrance.

Your most obedient servant,

Collector of Belgaum.

SUBJECT:- Athani Electric License, 1937.

Sir,

With reference to the Correspondence under reference No.1105/36 M, I shall be glad to know how the matters stand.

2. I intend registering my Company next week. Please let me know whether I can take a move in the matter of securing a site for the Power House at Athani. I have to apply for the same to the Commissioner, S.D., as the plots are Inam Lands.

3. By the bye allow me to state here that there was a -- reference in the Budget speech that the Government intends to Nationalise concerns of the above type. I will like to inform you that myself and my Company will be ever willing to accept any reasonable conditions that the Government may like to impose on such concerns as I am fully in agreement with the Government. view point.

4. I will therefore request you to consider this offer of mine to co-operate with the Government in this respect and expedite the grant of the license to me at your earliest convenience.

Awaiting your kind instructions in the matter,

I beg to remain,
Sir,
Your most obedient servant,

Submitted with ref.to the O.N. (p 60) dated the 1-8-38.

2. Two applications for the grant of a license under Sec.3 of the I.E.Act, 1910, to supply electrical energy to the town of Athni in the Belgaum Dt. were recd. viz.from (1) (p 21) Mr.K.V.Sane and (2) Mr.V.C. Gangadhar. The application of Mr.Gangadhar was refused on the ground that Govt.had already under consideration an application (p 21) for the license from Mr.Sane and that unless it was decided to reject it Govt.did not propose to entertain any fresh applicn for the license in question. In the case of Mr.Sane's applicn. the Commr.,S.D.'s report was called for (p 31) after consulting the local authorities concerned as reqd.by Sec.3 of the I.E.Act,1910. The statutory period of 3 months for receiving public objections in con.with Mr.Sane's applicn. (p.21) already expired. The Athni Muny., the Collr.of Belgaum and the Commr.,S.D., have no objection (p.55) to the grant of the license to the applicant . Further consideration of the case was however held up pending the decision of the Council of Ministers in the matter of policy to be pursued in future in respect of electric licenses. The decision has since been arrived at and a Press Note on the subject has already issued. The license in question may be granted to Mr.Sane. The El.Engr.to Govt. may be requested to submit after consultation with the applicant direct, if reqd., a complete draft of the license together with

Notes on D1 and D2.

2. These papers deal with an application from Mr.K.V.Sane of Poona for an electric license under Sec.3 of the I.E. Act 1910 for the supply of electric energy to the town of Athni. In this connection reference is requested to the ~~office note dated the 29-5-1938, and order~~ notes at page 65-66 ante from thereon which it will be seen that it has been decided ~~after considering the report of the Comm. &c.~~ to grant the license to Mr.K.V.Sane. The necy.further action was however deferred pending the decision of Govt. on the revised conditions for the grant of new licenses. Mr.Sane is prepared to accept the new conditions to be imposed in the case of every electric license to be granted hereafter, as embodied in the press note, dated the 21-9-38 The El.Engr.to Govt.may be requested to submit after consultation with the applicant direct, if necy, a complete draft of the license, together with the deposited map in triplicate, in the form in which it should be granted to him. The El.Engr. ~~should~~ may also be requested to report the amount reqd.to be deposited with Govt.in accordance with the provisions of condition 5 of the Press Note, dated the 21-9-1938.

D2.

× will be put up if reqd

3. Besides Mr.Sane, Mr.V.C.Gangadhar had also applied for ~~the~~ an electric license for the same area, but his application was not entertained on the ground that Govt. already had under consideration ~~of~~ Mr.

Sane's

1-11-1936
Pkt No. Karachi

Below U.O.R. No.1105/36 dated 29th October 1938
from Government in the Public Works Department.

No. dRm30/[illegible]
Bombay, 18th September 1939.

Returned with compliments.

2. The revised draft of the license in duplicate together with the amended deposited map in triplicate as submitted by the applicant in accordance with the instructions of this office are attached. The documents are in order.

3. The cost of the scheme as estimated by the applicant is Rs.67,000/-. The applicant should therefore be asked to deposit an amount of Rs.13,400/- before the license is granted to him.

4. The applicant intends to float a limited Company after the license is granted to him, when he proposes to appoint Managing Agents.

Electrical Engineer to Govt.

JCD.

(M-R) Submitted

2 The revised draft of the licence submitted by the Cl. Engr to Govt. appears to be in order. The R.L.A may be requested to scrutinize it after which it will be forwarded to the applicant for acceptance.

3. According to condition No 5 of the conditions laid down in the Press Note of the 21-9-38, no licence will be granted until the licensee has deposited with Govt 20% of the total estimated cost of the works, the amount being refunded to him or in instalments from time to time according to the value of the materials purchased & work done. The cost of the scheme is estimated at Rs 67000/-. The applicant may therefore be asked to deposit with

THE ATHANI ELECTRIC LICENSE, ~~1939.~~ 1940.

LICENSE GRANTED BY THE GOVERNMENT OF BOMBAY FOR THE SUPPLY OF ENERGY UNDER THE INDIAN ELECTRICITY ACT, 1910.

License:- License is hereby granted to Mr. Keshav Vyankatesh Sane, carrying on business as Engineer and Contractor and having his registered office at 405, Narayan Peth, Poona 2, to supply energy in the area with the powers and upon the terms and conditions specified below:-

1. Short Title:- This License may be cited as "The Athani Electric License, ~~1939.~~ 1940".

2. Interpretation:- In this license -

(1) 'Act' shall mean the Indian Electricity Act, 1910;
(2) 'rules' shall mean the rules made under the Act;
(3) 'licensee' shall mean and include the said Mr. Keshav Vyankatesh Sane and his permitted assigns;
(4) 'deposited map' shall mean the plan of the area of supply as hereinafter specified, which has been deposited with Government in pursuance of the rules, which plan is signed, for the purpose of identification, by the Secretary to the Government of Bombay in the Public Works Department and by the licensee;
(5) 'the commencement of this license' shall mean the date of the notification by the Government of Bombay in the Bombay Government Gazette by which this license is granted;
(6) 'Government' shall mean the Provincial Government of Bombay;
(7) 'the net profit' shall mean the gross revenue (i.e. revenue from all sources, excluding capital gains), less working expenses, including depreciation, but excluding income-tax, interest on debentures and capital losses;
(8) words and expressions not defined in this license but defined in the Act or the rules shall have the meaning assigned to them in the Act or the rules as the case may be.

3. Security:- (a) The period within which the licensee shall show under sub-clause (a) of clause I of the Schedule to the Act that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him by the license throughout the area of supply shall, unless otherwise ordered by Government under clause (b) of sub-section (3) of section 4 of the Act, be six months from the commencement of this license.

(b) Unless otherwise ordered by Government under clause (b) of sub-section (3) of section 4 of the Act, the sum which the licensee shall deposit or secure to the satisfaction of Government under sub-clause (b) of clause I of the Schedule to the Act, shall

be

be rupees two thousand and the period within which such sum shall be so deposited or secured shall be thirty days from the commencement of this license.

4. Area of Supply:- The area within which the supply of energy is authorised by this license, hereinbefore and hereinafter referred to as "the area of supply" shall be the whole of the area comprised within the Municipal District of Athani which is shown by a green coloured line on the deposited map, and is bounded as follows:-

North:- By S. Nos. 2114, 3, 170, 169, 176, 177, 178, 382, 387, 388, 390, 587.

East:- By S. Nos. 600, 599, 598, 790, 791, 794, 795.

West:- By S. Nos. 1956, 1954, 1632, 1633, 1629, 1628, 1393, 1387.

South:- By S. Nos. 976, 977, 985, 987, 1226, 1228, 1239.

5. Area of Compulsory Supply:- (a) The Licensee shall, within a period of eighteen months from the commencement of this license, execute works to the satisfaction of Government for the purpose of a full and continuous supply of energy throughout the streets or parts of streets as are mentioned below and shown in red colour on the deposited map -

(a) Market Road and Reviwar Peth, from Municipal Naka near Motor Vehicle Stand to Budhwar Peth Junction.

(b) Jain Peth and Budhwar Peth, from Jain Galli to Gachin Math Galli and Divan Bhavi Road Junction.

(c) Raviwar Peth, Jingar Galli and Sidheshwar Road from the Municipal Office to the Kadathi Ginning Factory.

(d) Javali Peth and Budhwar Peth and Dhapalapur Ves, from Kalgiyawar Galli to Kabadgiyawar Galli.

(b) In the case of any difference between the description of the streets mentioned in sub-clause (a) of this clause and that indicated on the deposited map, the latter shall prevail.

(c) The Licensee shall commence to execute the works aforesaid within six months from the commencement of this license and shall complete the execution of the works aforesaid and shall commence the supply of energy within eighteen months therefrom.

(d) The Licensee shall every three months submit reports to Government and also to the Electrical Engineer to Government specifying the progress made up to date from the commencement of

of the license in the execution of the works in the compulsory area.

6. Revocation of License:- If the licensee fails to comply with the provisions of sub-clause (a), (c) or (d) of clause 5 or, if in the opinion of Government, the progress made during any portion of the said period of eighteen months is unsatisfactory, the license shall be liable to be revoked, and the security furnished as per sub-clause (b) of clause 3 shall be forfeited.

7. Purposes and Limitation of Supply:- (A) Subject to the provisions of this license and the Act and the rules, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes and in bulk and to other licensees for their own purposes:

Provided that no supply of energy shall be commenced to be given by the licensee to any owner or occupier of private premises or in bulk to a distributing licensee, unless and until the licensee has completed all the works relating to the license and such works have been inspected by the Electric Inspector, Bombay Province, and passed by him in writing, and until Government have approved

(a) the form of requisition to be made by such owner or occupier or distributing licensee for such supply of energy;

(b) the form of written contract or agreement with the licensee to take a supply of energy to be executed or entered into by such owner or occupier or distributing licensee; and

(c) the amounts of all miscellaneous charges which the licensee proposes to make against such owner or occupier or distributing licensee, as incidental to or in connection with such supply:

Provided further that where all the works have not been completed by the licensee, and the licensee nevertheless desires to commence to give supply of energy in a portion or portions of the area of supply, the licensee shall do so only with the express permission of the Electrical Engineer to Government, whose decision in the matter shall be final.

(B)

(B) Clauses V, VI, VII, IX, X and XI of the Schedule to the Act shall, wherever necessary, be read as expressly added to or varied to the extent set out in the proviso to sub-clause (A) of this clause.

(C) The licensee shall not supply energy to any premises unless the owner or occupier of such premises has satisfied the licensee that all work including repairs relating to electric wires, fittings and apparatus, on such premises, has been carried out by a licensed electrical contractor and under the supervision of a Competency Certificate holder under the rules or orders issued by Government in this behalf, or by such other person as may be authorised to carry out such works under rule 48 of the rules and clause VI of the Schedule to the Act shall be deemed to be modified accordingly.

8. System of Supply:- (A) The system of supply of energy which may be adopted for the purpose of this license shall be the following:-

Alternating Current.

Single or three-phase, three or four wire, periodicity fifty cycles per second. The pressure of supply at the consumer's terminals shall be as under:-

(a) 230 volts between each phase and neutral for general purposes, viz. lights, fans, heaters and refrigerators;

(b) 400 volts between phases for motive power purposes and purposes other than those specified in (a) above; and

(c) any pressure upto 6,600 volts for feeders and for supply to any large consumers for power purposes:

Provided always (i) that the licensee may from time to time with the previous consent in writing of and subject to such limitations and conditions as may be prescribed in writing by Government adopt any other system of supply for the purpose of this license and (ii) that no high tension mains shall be brought within or near the populated areas without the specific sanction of Government in each case.

(B) The feeders, distributing mains and service lines may be laid overhead or underground but wherever and whenever specifically

specifically required to do so in writing by Government, such feeders, distributing mains or service lines shall be laid underground:

Provided that -

(a) no work or works shall be commenced by the licensee unless and until the method of construction has been previously approved in writing by the Electrical Engineer to Government;

(b) where overhead mains are used, they shall nowhere be at a height of less than thirty feet from the ground level of the streets at all crossings in all the routes where 'raths' or 'taboots' or other similar religious processions are likely to pass. In cases of dispute such routes and heights shall be determined by the District Magistrate;

(c) in narrow lanes or streets the poles for overhead mains shall be placed on the extreme edge of the lane or street and a special construction to be approved by the Electrical Engineer to Government shall be adopted to keep the wires clear of every building;

(d) no poles for overhead lines shall be erected in streets or thoroughfares which are less than ten feet in width for vehicular traffic; and

(e) nothing in this license shall authorise the licensee to use overhead mains at a pressure higher than the medium pressure without the written sanction of Government in each case and subject to any conditions or limitations which Government may prescribe in that behalf.

(C) Due precaution shall be taken to avoid any possible interference with the adjacent telephone or telegraph circuits due to inductive effects. The electric wires shall be suitably transposed where necessary.

(D) For the purpose of rule 68(2) of the rules, the maximum wind pressure shall be taken as fifteen pounds per square foot.

9. Generating, Receiving, Transforming and Distributing Stations

(a) The Generating, Receiving, Transforming and Distributing Stations shall be within the area of supply.

(b)

(b) The licensee shall employ a resident Electrical Engineer in technical charge of the undertaking and the appointment of such an Engineer shall have the previous approval of the Electrical Engineer to Government, Public Works Department, Bombay.

10. Purchase of Energy in Bulk Supply:- (a) Should a continuous supply of energy of a nature and an amount and at a point suitable to the purpose of the license be offered by any person or Government willing to enter into an agreement with the licensee to supply energy to him for a period of not less than seven years at such a charge that any of the limits of prices to be charged by the licensee, could, in the opinion of Government, be reduced below the limits fixed by the license, as it stands or as it may be subsequently amended, the licensee shall from such date as Government may fix enter into such agreement with such person or Government.

The decision of Government on the operation of this condition shall be final.

(b) Clause XI of the Schedule to the Act shall for the purpose of incorporation in the license be added to as follows:-

"Provided further that where an order in pursuance of sub-clause (a) of this clause, has been made, the maximum charges fixed by the license, or as it may be subsequently amended, shall be reduced by an amendment of the license to such extent as Government may fix."

11. Rates - Limits of Prices to be charged:- The rates to be charged by the licensee for energy supplied by him shall not exceed the maxima set out below, or in the case of a method of charge approved by Government under clause (c) of sub-section (3) of section 23 of the Act such maxima as Government may fix on approving the method, namely -

(A) Where energy is supplied by meter -

(1) For general supply purposes, viz.-

(a) for lights and fans - A rate of annas six per unit;

(b) for heating and refrigerating purposes - A rate of annas two per unit.

(2) For motive power purposes and purposes other than those mentioned in items (1)(a) and (b) above and (3) below -

Upto and including 3 K.W. - A standing charge of Rs.3/- per K.W. connected per mensem plus annas 2 per unit.

Over 3 K.W. - A standing charge of Rs.2/- per mensem for every additional K.W. connected plus anna one and pies six per unit.

(3) For motive power purposes of agriculture and small industries - A standing charge of Rupee one per K.W. connected per mensem plus anna one per unit provided the consumption of energy amounts to 5000 units per annum, the actual cost of service required for delivery of energy being borne by the consumer. Should energy amounting to 5000 units be not consumed during the year, rates stated in sub-clause (A)(2) above shall apply.

Note:- The term 'unit' occuring in this sub-clause shall mean the energy contained in a current of 1,000 amperes flowing under an electro-motive force of one volt during one hour.

(4) A minimum charge of Rupee one per mensem in the cases referred to in item (a) of sub-clause (A)(1) of this clause shall be charged exclusive of meter rent and irrespective of whether energy of that value has been consumed or not.

(5) Meter Rent:- The rent to be charged for meters shall not exceed Annas four per month for a single phase A.C. Meter.

Annas eight per month for a poly-phase A.C. Meter.

(B) Where energy is not supplied by meter, a fixed rate of rupee one and annas eight per mensem shall be charged for a twenty-watt light and rupee one for every additional twenty watts or part thereof burning for not more than six hours per night.

(C) In the case of large consumers, contracts may be made for fixed periods at such rates not exceeding the rates specified in sub-clause (A) of this clause as may be agreed upon.

(D) Without prejudice to anything contained in the above sub-clauses, the licensee may at any time enter into a special contract with the Municipality of Athani, for the supply of energy to the said Municipality for public lighting upon such terms and conditions and at such rates not exceeding the maxima charges specified

specified above, as may for the time being be mutually agreed upon.

12. Distribution of the Annual Net Profit of the undertaking between the Licensee and the Consumers:- (a) The amount of the net profit of the undertaking to which the licensee shall be entitled in the first instance shall be limited to six per cent. on the capital investments, which amount shall not be cumulative, any surplus over the said amount being equally shared by the licensee and the consumers:

Provided that the limitation of the net profit to the licensee shall not come into operation until the expiration of three years from the date of the commencement of supply of energy:

Provided further that the consumers' share of the net profit shall be credited to the ('Reserve Fund') of the undertaking, which amount shall be utilised by the licensee to the benefit of the consumers by reducing the rates of supply, the method of reducing sueh rates being specifically prescribed by Government.

(b) Where any difference or dispute arises in carrying out the obligations under this clause, the matter shall be referred to Government or any Officer appointed by the Government for the purpose and the decision of Government or such Officer thereon shall be final.

13. Unpaid Apprentices:- The licensee shall, whenever so required by Government, employ as unpaid apprentices passed candidates from the Mechanical and Electrical Engineering Institutes in the Province of Bombay for a period of one year's training in connection with the power station and distributing system:

Provided that the number of such candidates to be so employed at one time shall be limited to two.

14. Agreement between the Licensee and the Managing Agents:- The licensee shall not enter into an agreement with Managing Agents, if any, or make any modifications to such agreement already entered into, unless with the previous consent in writing of the Government. The Government shall also have the right to examine any agreement between the licensee and the Managing Agents, if any, and to require suitable modification therein

therein as a condition precedent to Government granting any consent as required by section 9(2) of the Act.

15. Breaking up of Streets:- The length of trenches to be opened on any street at any one time, and the period for which they may remain open, shall be determined from time to time by Government or the local authority by which such streets are repairable.

16. Purchase of the Undertaking:- (a) The option of purchase given by sub-section (1) of section 7 of the Act shall be exercisable first on the expiration of thirty years from the commencement of this license and thereafter on the expiration of every subsequent period of ten years therefrom. The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (1) of section 7 of the Act which shall be added to such value under the second proviso to that sub-section on account of compulsory purchase shall be ten per centum.

(b) In accordance with clause (d) (ii) of sub-section (2) of section 3 of the Act, it is hereby declared that the generating station belonging to the licensee and used in connection with the undertaking or where energy is purchased from any other person or company, the receiving and distributing sub-stations used in connection with the undertaking, shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

17. Assignment of the License:- At any time after the commencement of this license the licensee may, with the previous consent in writing of Government, and subject to compliance with such conditions upon which such consent may be given, assign this license and transfer the whole of the undertaking in respect of which this license is granted (including all lands, buildings, works, materials and plant of the licensee) to any individual or company formed or to be formed and registered in the Province of Bombay in accordance with the law for the time being in force in British India, or, in Great Britain under any enactment relating to Companies for the time being in force there and having authority to take over the license and the said undertaking as the case

case may be and to exercise the powers and perform the obligations given to or imposed upon the licensee under this license, the Act and the rules, and on such assignment and transfer, the rights, powers, authorities, obligations and liabilities of the licensee shall be exercisable by and shall attach to such individual or Company formed or to be formed as aforesaid.

Dated this eleventh day of May One thousand nine hundred and forty.

By order of the Governor of Bombay,
C. E. Aitken,
Secretary to the Government of Bombay,
Public Works Department.

Subject:- Athani Electric License.

Dear Sir,

With reference to correspondence under Ref., No 1129 1105/36-M., dated 10th February 1940, on the subject mentioned above, I have the honour to request you to extend the time of depositing the amount of Rs. 13,400/- with Electrical Engineer to Government by one month. I have already registered a company under the name and style "The Light & Power Suppliers Ltd," Poona, . Owing to the war conditions it is very difficult to obtain Machinery. However I have already placed an order with one firm — 'The East Asiatic Co.,Ltd.' Bombay, and the necessary deposit for the Machinery has also been kept in the Mercantile Bank of India Ltd. Bombay. Under the circumstances I am making definite arrangements to deposit the amount to the Electrical Engineer to Government within the above mentioned time.

Kindly therefore extend the time as requested and oblige.

Hoping to be excused,

I remain sir,
Yours faithfully

Subject:- The Athani El.License,1940.

Dear Sir,

With ref.to the corres.ending with your letter dated the 5-4-1940, I am directed to forward herewith the Athani El.License,1940, together with a copy of the deposited map refd.to therein,duly signed by the Secy.to Govt.,P.W.D.,and to request that its receipt may be acknowledged at an early date.

2. I am to invite attention to clause 3 (b) of the license under which the security mentioned therein is reqd.to be deposited with Govt.within thirty days from the commencement of the license.The security should consist of G.P.Notes of the market value of not less than Rs 2,100 and the notes should be endorsed in favour of the Reserve Bank of India,Bombay.

3. I am also to invite spl.attention to clause 8 (B) proviso (a) of the license and to inform you that the method of constn.you propose to adopt should be approved in writing by the El.Engr.to Govt. before any work is started in con.with the supply.

4. I am to inform you that the annual statement of accounts of the undertaking should under Sec.11 of the I.E.Act, be made up to the 31st March in each year in the forms set forth in Annexure V to the I.E.Rules, 1937, and also in the

1105/36

statement form attached hereto and forwarded in triplicate to the A.G.,Bombay,before the 1st of Oct.of the same year,for examn.and audit. One copy thereof should be forwarded direct to the El.Engr.to Govt.A fee of Rs 250 should be paid by you on demand to the A.G.,Bombay, for the audit work in question.

5. Further, I am to invite your attention to Sec.21 of the I.E.Act and also to clause 7 of the license and to state that you are reqd.to submit in due course for the sanction of Govt.the conditions that you wish to adopt for regulating your relations with the consumers. A model form in this con.should be obtained from the El.Engr.to Govt.

6. Lastly,I am to forward herewith copies of the following documents for your information and guidance:-

(i) a copy of G.L.No.5527/27-M,dated the 28-5-31,addressed to all the El. Licensees in the Province of Bombay re: electric power lines near Civil Aerodromes or landing grounds,

(ii) a copy of G.N.No.9175/27-I,dated the 31-8-35, as amended, re: notice of accidents and injuries under Sec.33 of the I.E.Act, 1910,

(iii) copies of G.Ns.Nos.640/27-I,and II,dated the 15-11-34, as amended, re: rules and conditions for the grant of certificates of competency and licenses to electrical contractors under Rule 48 of the I.E.Rules, 1937,

(iv) a copy of the opinion of the Solr. to the Govt.of India,dated the 11-12-1916,

in accordance with which the cost of the first pole on the consumer's premises should be shared between the licensee and the consumer.

Yours faithfully,

Copy forwarded for information to -
the El.Engr.to Govt. and
the A.G.,Bombay.

2. Two copies of the agreement redd. with his letter No.101/196, dated the 18-4-1940, are herewith returned, duly executed, to the El.Engr.to Govt. with a request that one copy thereof may kindly be retained for record in his office, and the other forwarded to Mr.Sane.

The Athani Electric License, 1940:
Grant of — to Mr. K. V. Sane:
Orders regarding —.

GOVERNMENT OF BOMBAY.

PUBLIC WORKS DEPARTMENT.

Resolution No. 1105/36.

Bombay Castle, 11th May 1940.

Letter from Mr. K. V. Sane, dated the 6th March 1937, as under :— D1

" I hereby apply for the License for the supply of Electrical Energy for the Athani City Municipal District from the Belgaum District.

Six copies of the Draft License in print and Chalan dated 28th January 1937, from the Athani Sub-treasury for the Deposit of the license fee of Rs. 500 are already submitted to you along with the correspondence under reference No. 1105/36-M which may hereafter be kindly treated as submitted with this application.

As per your kind instructions I am making arrangements to advertise the Draft License strictly in accordance with the rules in successive three issues of the newspaper *Lokamat* and the copies of the same will be sent to you in due course.

I shall be very much thankful to receive further kind instructions in the matter."

Read letter from Mr. K. V. Sane, dated the 18th March 1937.

Read Government Notification No. 1105/36, dated the 23rd March 1937, republishing in the *Bombay Government Gazette*, the notice published by Mr. Sane under the Indian Electricity Rules.

Read Government Memorandum No. 1105/36-M, dated the 31st March 1937, to the Commissioner, Southern Division.

Read memorandum from the Commissioner, Southern Division, No. M.S.C. 469, dated the 9th September 1937.

Letter from Mr. K. V. Sane, dated the 28th September 1938, as under :— D2

" With reference to the correspondence under reference Nos. 1105/36-M and 1671/36-M, I beg to inform you that I agree with the conditions proposed by the Government and I am willing to accept the Licenses under the said conditions. I have long ago informed you my general willingness and hearty co-operation with your Government's present policy. I therefore request you to issue the said licenses at an early date as it is now pretty long time that the matters are pending."

Read memorandum from the Electrical Engineer to Government No. L.R.M. 30/2278, dated the 18th September 1939.

Read memorandum from the Remembrancer of Legal Affairs No. 9964, dated the 5th October 1939.

Government Letter No. 1105/36-M, dated the 18th October 1939, to Mr. K. V. Sane, as under :—

" With reference to the correspondence ending with your letter, dated the 28th September 1938, I am directed to forward herewith a revised draft of the Athani Electric License and to request that if you are willing to accept it in the form proposed, it may be returned to Government with an intimation to that effect endorsed at the end thereof in the space provided for the purpose.

" 2. I am also to request you to deposit with the Electrical Engineer to Government a sum of Rs. 13,400 before the license can be granted to you. A form of the agreement to be entered into in this connection can be obtained from that officer."

Letter from Mr. K. V. Sane, dated the 30th January 1940, as under :—

" With reference to the correspondence under your No. 1105/36-M, dated 18th October 1939, and your letter dated 13th January 1940, inviting my attention to the above letter, I have the honour to forward herewith a revised draft of the Athani Electric License duly endorsed at the end thereof, as accepted and duly signed as desired by you."

Memorandum from the Electrical Engineer to Government, No. L. 101/196, dated the 18th April 1940, as under :—

" * * * * * * * *.

" 2. The amount of Rs. 13,400 has been deposited by Mr. Sane in the Poona Central Co-operative Bank, Limited, in the name of the undersigned. The agreement in duplicate duly completed by Mr. Sane is enclosed for execution and it is suggested that orders regarding the grant of the license may now be issued."

RESOLUTION.—In exercise of the powers conferred by section 3 (*1*) of the Indian Electricity Act, 1910, the Government of Bombay is pleased to sanction the grant of the license appended hereto, under the aforesaid Act, to Mr. Keshav Vyankatesh Sane for the supply of electrical energy to the areas comprised within the limits of the Municipal district of Athani.

2. The Government of Bombay is also pleased to authorise the Secretary to Government, Public Works Department, to sign the license on behalf of Government.

3. The license should be notified in the *Bombay Government Gazette*.

4. The deposited map referred to in clauses 4 and 5 of the license and submitted by the licensee should be signed by the Secretary to the Government of Bombay, Public Works Department, and dated to correspond with the date of the notification of the grant of the license. It should then be recorded in the Secretariat, duplicate copy of the same being forwarded to the Electrical Engineer to Government for record in his office.

PUBLIC WORKS DEPARTMENT.

Bombay Castle, 11th May 1940.

No. 1105/36.—In exercise of the powers conferred by section 3 (*1*) of the Indian Electricity Act, IX of 1910, the Government of Bombay is pleased to sanction the following license under the aforesaid Act being granted to Mr. Keshav Vyankatesh Sane for the supply of electrical energy in the areas and with the powers and upon the terms and conditions specified below :— INDIAN ELECTRICITY ACT, IX OF 1910.

THE ATHANI ELECTRIC LICENSE, 1940.

LICENSE GRANTED BY THE GOVERNMENT OF BOMBAY FOR THE SUPPLY OF ENERGY UNDER THE INDIAN ELECTRICITY ACT, 1910.

License.—License is hereby granted to Mr. Keshav Vyankatesh Sane, carrying on business as Engineer and Contractor and having his registered office at 405, Narayan Peth, Poona 2, to supply energy in the area with the powers and upon the terms and conditions specified below :—

1. *Short title.*—This license may be cited as "The Athani Electric License, 1940".

2. *Interpretation.*—In this License—

(1) "Act" shall mean the Indian Electricity Act, 1910;

(2) "rules" shall mean the rules made under the Act;

(3) "licensee" shall mean and include the said Mr. Keshav Vyankatesh Sane and his permitted assigns;

(4) "deposited map" shall mean the plan of the area of supply as hereinafter specified, which has been deposited with Government in pursuance of the rules, which plan is signed, for the purpose of identification, by the Secretary to the Government of Bombay in the Public Works Department and by the licensee;

(5) "the commencement of this license" shall mean the date of the notification by the Government of Bombay in the *Bombay Government Gazette* by which this license is granted;

(6) "Government" shall mean the Provincial Government of Bombay;

(7) "the net profit" shall mean the gross revenue (i.e. revenue from all sources, excluding capital gains), less working expenses, including depreciation, but excluding income-tax, interest on debentures and capital losses;

(8) words and expressions not defined in this license but defined in the Act or the rules shall have the meaning assigned to them in the Act or the rules as the case may be.

3. *Security.*—(*a*) The period within which the licensee shall show under sub-clause (*a*) of clause I of the Schedule to the Act that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him by the license throughout the area of supply shall, unless otherwise ordered by Government under clause (*b*) of sub-section (*3*) of section 4 of the Act, be six months from the commencement of this license.

(*b*) Unless otherwise ordered by Government under clause (*b*) of sub-section (*3*) of section 4 of the Act, the sum which the licensee shall deposit or secure to the satisfaction of Government under sub-clause (*b*) of clause I of the Schedule to the Act, shall be rupees two thousand and the period within which such sum shall be so deposited or secured shall be thirty days from the commencement of this license.

4. *Area of supply.*—The area within which the supply of energy is authorised by this license, hereinbefore and hereinafter referred to as "the area of supply" shall be the whole of the area comprised within the municipal district of Athani which is shown by a green-coloured line on the deposited map, and is bounded as follows:—

North.—By Survey Nos. 2114, 3, 170, 169, 176, 177, 178, 382, 387, 388, 390, 587.

East.—By Survey Nos. 600, 599, 593, 790, 791, 794, 795.

West.—By Survey Nos. 1956, 1954, 1632, 1633, 1629, 1628, 1393, 1387.

South.—By Survey Nos. 976, 977, 985, 987, 1226, 1228, 1239.

5. *Area of compulsory supply.*—(*a*) The licensee shall, within a period of eighteen months from the commencement of this license, execute works to the satisfaction of Government for the purpose of a full and continuous supply of energy throughout the streets or parts of streets as are mentioned below and shown in red colour on the deposited map—

(*a*) Market Road and Reviwar Peth, from Municipal Naka near Motor Vehicle Stand to Budhwar Peth Junction.

(*b*) Jain Peth and Budhwar Peth, from Jain Galli to Gachin Math Galli and Divan Bhavi Road Junction.

(*c*) Raviwar Peth, Jingar Galli and Sidheshwar Road, from the Municipal Office to the Kadathi Ginning Factory.

(*d*) Javali Peth and Budhwar Peth and Dhapalapur Ves, from Kalgiyawar Galli to Kabadgiyawar Galli.

(*b*) In the case of any difference between the description of the streets mentioned in sub-clause (*a*) of this clause and that indicated on the deposited map, the latter shall prevail.

(*c*) The licensee shall commence to execute the works aforesaid within six months from the commencement of this license and shall complete the execution of the works aforesaid and shall commence the supply of energy within eighteen months therefrom.

(*d*) The licensee shall every three months submit reports to Government and also to the Electrical Engineer to Government specifying the progress made up to date from the commencement of the license in the execution of the works in the compulsory area.

6. *Revocation of license.*—If the licensee fails to comply with the provisions of sub-clause (*a*), (*c*) or (*d*) of clause 5 or, if in the opinion of Government, the progress made during any portion of the said period of eighteen months is unsatisfactory, the license shall be liable to be revoked, and the security furnished as per sub-clause (*b*) of clause 3 shall be forfeited.

7. *Purposes and limitation of supply.*—(A) Subject to the provisions of this license and the Act and the rules, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes and in bulk and to other licensees for their own purposes :

Provided that no supply of energy shall be commenced to be given by the licensee to any owner or occupier of private premises or in bulk to a distributing licensee, unless and until the licensee has completed all the works relating to the license and such works have been inspected by the Electric Inspector, Bombay Province, and passed by him in writing, and until Government have approved—

(*a*) the form of requisition to be made by such owner or occupier or distributing licensee for such supply of energy ;

(*b*) the form of written contract or agreement with the licensee to take a supply of energy to be executed or entered into by such owner or occupier or distributing licensee ; and

(*c*) the amounts of all miscellaneous charges which the licensee proposes to make against such owner or occupier or distributing licensee, as incidental to or in connection with such supply :

Provided further that where all the works have not been completed by the licensee, and the licensee nevertheless desires to commence to give supply of energy in a portion or portions of the area of supply, the licensee shall do so only with the express permission of the Electrical Engineer to Government, whose decision in the matter shall be final.

(B) Clauses V, VI, VII, IX, X and XI of the Schedule to the Act shall, wherever necessary, be read as expressly added to or varied to the extent set out in the proviso to sub-clause (A) of this clause.

(C) The licensee shall not supply energy to any premises unless the owner or occupier of such premises has satisfied the licensee that all work including repairs relating to electric wires, fittings and apparatus, on such premises, has been carried out by a licensed electrical contractor and under the supervision of a Competency Certificate holder under the rules or orders issued by Government in this behalf, or by such other person as may be authorised to carry out such works under rule 48 of the rules and clause VI of the Schedule to the Act shall be deemed to be modified accordingly.

8. *System of supply.*—(A) The system of supply of energy which may be adopted for the purpose of this license shall be the following :—

Alternating Current.

Single or three-phase, three or four wire, periodicity fifty cycles per second. The pressure of supply at the consumer's terminals shall be as under :—

(*a*) 230 volts between each phase and neutral for general purposes, viz. lights, fans, heaters and refrigerators ;

(*b*) 400 volts between phases for motive power purposes and purposes other than those specified in (*a*) above ; and

(*c*) any pressure up to 6,600 volts for feeders and for supply to any large consumers for power purposes :

Provided always (i) that the licensee may from time to time with the previous consent in writing of and subject to such limitations and conditions as may be prescribed in writing by Government adopt any other system of supply for the purpose of this license and (ii) that no high tension mains shall be brought within or near the populated areas without the specific sanction of Government in each case.

(B) The feeders, distributing mains and service lines may be laid overhead or underground but wherever and whenever specifically required to do so in writing by Government, such feeders, distributing mains or service lines shall be laid underground :

Provided that—

(*a*) no work or works shall be commenced by the licensee unless and until the method of construction has been previously approved in writing by the Electrical Engineer to Government ;

(*b*) where overhead mains are used, they shall nowhere be at a height of less than thirty feet from the ground level of the streets at all crossings in all the routes where *raths* or *taboots* or other similar religious processions are likely to pass. In cases of dispute such routes and heights shall be determined by the District Magistrate ;

(*c*) in narrow lanes or streets the poles for overhead mains shall be placed on the extreme edge of the lane or street and a special construction to be approved by the Electrical Engineer to Government shall be adopted to keep the wires clear of every building;

(*d*) no poles for overhead lines shall be erected in streets or thoroughfares which are less than ten feet in width for vehicular traffic; and

(*e*) nothing in this license shall authorise the licensee to use overhead mains at a pressure higher than the medium pressure without the written sanction of Government in each case and subject to any conditions or limitations which Government may prescribe in that behalf.

(C) Due precaution shall be taken to avoid any possible interference with the adjacent telephone or telegraph circuits due to inductive effects. The electric wires shall be suitably transposed where necessary.

(D) For the purpose of rule 68(2) of the rules, the maximum wind pressure shall be taken as fifteen pounds per square foot.

9. *Generating, receiving, transforming and distributing stations.*—(*a*) The generating, receiving, transforming and distributing stations shall be within the area of supply.

(*b*) The licensee shall employ a resident Electrical Engineer in technical charge of the undertaking and the appointment of such an Engineer shall have the previous approval of the Electrical Engineer to Government, Public Works Department, Bombay.

10. *Purchase of energy in bulk supply.*—(*a*) Should a continuous supply of energy of a nature and an amount and at a point suitable to the purpose of the license be offered by any person or Government willing to enter into an agreement with the licensee to supply energy to him for a period of not less than seven years at such a charge that any of the limits of prices to be charged by the licensee, could, in the opinion of Government, be reduced below the limits fixed by the license, as it stands or as it may be subsequently amended, the licensee shall from such date as Government may fix enter into such agreement with such person or Government. The decision of Government on the operation of this condition shall be final.

(*b*) Clause XI of the Schedule to the Act shall for the purpose of incorporation in the license be added to as follows:—

"Provided further that where an order, in pursuance of sub-clause (*a*) of this clause, has been made, the maximum charges fixed by the license, or as it may be subsequently amended, shall be reduced by an amendment of the license to such extent as Government may fix."

11. *Rates—Limits of prices to be charged.*—The rates to be charged by the licensee for energy supplied by him shall not exceed the maxima set out below, or in the case of a method of charge approved by Government under clause (*c*) of sub-section (*3*) of section 23 of the Act such maxima as Government may fix on approving the method, namely—

(A) Where energy is supplied by meter—

(1) For general supply purposes, viz.—

(*a*) for lights and fans—A rate of annas six per unit;

(*b*) for heating and refrigerating purposes—A rate of annas two per unit.

(2) For motive power purposes and purposes other than those mentioned in items (1) (*a*) and (*b*) above and (3) below :—

Up to and including 3 K.W.—A standing charge of Rs. 3 per K.W. connected per mensem plus annas two per unit.

Over 3 K.W.—A standing charge of Rs. 2 per mensem for every additional K.W. connected plus anna one and pies six per unit.

(3) For motive power purposes of agriculture and small industries—A standing charge of rupee one per K.W. connected per mensem plus anna one per unit provided the consumption of energy amounts to 5,000 units per annum, the actual cost of service required for delivery of energy being borne by the consumer. Should energy amounting to 5,000 units be not consumed during the year, the rates stated in sub-clause (A) (2) above shall apply.

Note.—The term "unit" occurring in this sub-clause shall mean the energy contained in a current of 1,000 amperes flowing under an electromotive force of one volt during one hour.

(4) A minimum charge of rupee one per mensem in the cases referred to in item (*a*) of sub-clause (A) (1) of this clause shall be charged exclusive of meter rent and irrespective of whether energy of that value has been consumed or not.

(5) *Meter rent.*—The rent to be charged for meters shall not exceed—

Annas four per month for a single phase A.C. meter.

Annas eight per month for a polyphase A.C. meter.

(B) Where energy is not supplied by meter, a fixed rate of rupee one and annas eight per mensem shall be charged for a twenty-watt light and rupee one for every additional twenty-watts or part thereof burning for not more than six hours per night.

(C) In the case of large consumers, contracts may be made for fixed periods at such rates not exceeding the rates specified in sub-clause (A) of this clause as may be agreed upon.

(D) Without prejudice to anything contained in the above sub-clauses, the licensee may at any time enter into a special contract with the Municipality of Athani, for the supply of energy to the said Municipality for public lighting upon such terms and conditions and at such rates not exceeding the maxima charges specified above, as may for the time being be mutually agreed upon.

12. *Distribution of the annual net profit of the undertaking between the licensee and the consumers.*—(*a*) The amount of the net profit of the undertaking to which the licensee shall be entitled in the first instance shall be limited to six per cent. on the capital investments, which amount shall not be cumulative, any surplus over the said amount being equally shared by the licensee and the consumers :

Provided that the limitation of the net profit to the licensee shall not come into operation until the expiration of three years from the date of the commencement of supply of energy :

Provided further that the consumers' share of the net profit shall be credited to the "Reserve Fund" of the undertaking, which amount shall be utilised by the licensee to the benefit of the consumers by reducing the rates of supply, the method of reducing such rates being specifically prescribed by Government.

(*b*) Where any difference or dispute arises in carrying out the obligations under this clause, the matter shall be referred to Government or any officer appointed by the Government for the purpose and the decision of Government or such officer thereon shall be final.

13. *Unpaid apprentices.*—The licensee shall, whenever so required by Government, employ as unpaid apprentices passed candidates from the Mechanical and Electrical Engineering Institutes in the Province of Bombay for a period of one year's training in connection with the power station and distribution system :

Provided that the number of such candidates to be so employed at one time shall be limited to two.

14. *Agreement between the licensee and the Managing Agents.*—The licensee shall not enter into an agreement with Managing Agents, if any, or make any modifications to such agreement already entered into, unless with the previous consent in writing of the Government. The Government shall also have the right to examine any agreement between the licensee and the Managing Agents, if any, and to require suitable modification therein as a condition precedent to Government granting any consent as required by section 9-(*2*) of the Act.

15. *Breaking up of streets.*—The length of trenches to be opened on any street at any one time, and the period for which they may remain open, shall be determined from time to time by Government or the local authority by which such streets are repairable.

16. *Purchase of the undertaking.*—(*a*) The option of purchase given by sub-section (*1*) of section 7 of the Act shall be exercisable first on the expiration of thirty years from the commencement of this license and thereafter on the expiration of every subsequent period of ten years therefrom. The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (*1*) of section 7 of the Act which shall be added to such value under the second proviso to that sub-section on account of compulsory purchase shall be ten per centum.

(*b*) In accordance with clause (*d*) (*ii*) of sub-section (*2*) of section 3 of the Act, it is hereby declared that the generating station belonging to the licensee and used in connection with the undertaking or where energy is purchased from any other person or company, the receiving and distributing sub-stations used in connection with the undertaking, shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

17. *Assignment of the License.*—At any time after the commencement of this license the licensee may, with the previous consent in writing of Government, and subject to compliance with such conditions upon which such consent may be given, assign this license and transfer the whole of the undertaking in respect of which this license is granted (including all lands, buildings, works, materials and plant of the licensee) to any individual or company formed or to be formed and registered in the Province of Bombay in accordance with the law for the time being in force in British India, or, in Great Britain under any enactment relating to Companies for the time being in force there and having authority to take over the license and the said undertaking as the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensee under this license, the Act and the rules, and on such assignment and transfer, the rights, powers, authorities, obligations and liabilities of the licensee shall be exercisable by and shall attach to such individual or Company formed or to be formed as aforesaid.

Dated this eleventh day of May one thousand nine hundred and forty.

By order of the Governor of Bombay,

C. E. AITKEN,
Secretary to the Governor of Bombay,
Public Works Department.

By order of the Government of Bombay,

C. E. AITKEN,
Secretary to Government.

The progress Report of Work-
under Athni License 1940.

29th November 1940.

From,
K.V.Sane Esqr.,
Commonwealth Building,
P o o n a 2.

To
The Secretary-
to the Government of Bombay,
Bombay Castle,
B o m b a y.

Dear Sir,

I have the honour to submit herewith the progress report of work under the Athni Electric License 1940.

A company under the name and style "Light & - Power Suppliers Ltd., has been encorported to take up the work in hand at Athni and the work of the same will be taken up in hand after the work at Palghar is - complete.

An order for machinary with the East Asiatic Co., Ltd., was placed along with Palghar machinary - however the same was required to cancelled as Germany took possetion of Copenhegan.

An order for two 12 K.V.A. Sets with the Ruston Engines is already placed along with the Palghar order from stock in Bombay.

Steps are being taken to get the site by - aquisition from Athni and progress of the work there depend upon the progress of the aquisition matter.

I beg to remain
Sir,
Yours faithfully,

K V Sane

(M.B.) Submitted.

2. The Athani El.License was granted on the 11-5-40. According to clause 5(c) of the license, the licensee is required to commence the execution of the works within six months from the commencement of the license. It appears from the progress report now submitted by the licensee that he has not yet commenced the works. He proposes to take up the works after the Palghar electrification scheme, for which also he has been granted a license, is complete. As the two licenses in question are quite distinct, the licensee should not have postponed the work on one until the other is completed. The licensee's attention may be invited to the provisions of clauses 5 & 6 of the license and he may be asked to commence the work soon, failing which the license would be liable to revocation. The El. Engr.to Govt.may see u.o. first.

Subject:- Athani El.License, 1940.

Dear Sir,

With ref.to your letter No.L/502 p173, dated the 29-11-40, I am directed to invite attention to clause 5(c) p163 of the license mentioned above according to which you are required to commence the execution of the works within six months from the commencement of the license. Your proposal p173 to take up the work at Athani after the Palghar electrification scheme is completed cannot be accepted, since the two schemes are quite distinct and you are required to fulfil your obligations under each license independently. I am to request you therefore to commence the execution of the works as soon as possible, failing which the license will be liable to revocation under clause 6 p163 thereof.

Yours faithfully,

D.A.- Nil.
